#### 1. Welcome:

Everyone was welcomed to the meeting and given chance to share anything that had been discussed with them.

#### 2. Discussion around feedback

The children discussed what they and their classes have enjoyed on the new playground and how they have used the markings.

#### 3. Feedback questions

It was commented that it would be nice to gain feedback from the pupils around what they are enjoying about the new playground.

School council members had a discussion around questions that could be asked to gain the information.

One school council member suggested a rating scale to rate the new playground.

One suggested asking which is their favourite part of the playground and what else they might add to improve it further.

These were typed and added to the School Council books for discussion in class.

Feedback will be shared within the next few weeks.
