

School council meeting 10th November 2025

Attendees:

Mrs Weretelnikow, Charlie, Bea, Harry, Jorgi, Kaiden, Isla, Sienna, Ralph, Leo, Alyssa

Agenda:

1. Welcome
2. Discussion of new project for the year and this term
3. 'Switch off Fortnight' Powerpoint
4. Energy Audit

1. Welcome:

Welcome to our school council meeting.

2. Discussion of new project for the year and this term

We discussed the focus that the school is having on 'Climate Action'. We discussed what this means and how we might help the school with this throughout the year. We discussed the focus for this year being energy saving and that next week we will take part in the 'Switch off fortnight'.

3. 'Switch off Fortnight' Powerpoint

We looked at a Powerpoint about the 'Switch off fortnight' and why it is important for us to take part. We discussed what uses energy in school and at home and that having things on 'stand-by' will also use energy.

4. Energy Audit

The school council completed an energy audit by walking around the school to see what electrical appliances are left on, on standby or off as a baseline for starting the 'Switch off fortnight'. We found that a high number of smartboard screens and computer screens were left on without being in use. We discussed what we had find and what we hoped to find when we complete our audit after the switch off fortnight.
