

Christmas holiday

challenge!

In Reception this half term we have been learning all about shapes! We have found them in the environment and found out how many sides and corners they have.

Your Christmas holiday challenge is to see what shapes you can spot whilst you are out and about in the Christmas holidays. This might be a triangular road sign, a square window or even a circular biscuit.

Ask your grown up to take pictures and write about the shapes you have found, then send them to us using Evidence Me.

Children who complete the half term challenge will receive a certificate at the start of next term to celebrate their hard work and effort at home!

Have a magical Christmas!

Mrs Weretelnikow and Miss Clegg 😊
