

Spring Half Term Challenge

We have really enjoyed our Fire and Ice topic in Reception this half term. Your holiday challenge is to choose some arctic animals and draw them. (on a piece of paper, on the ground in chalk or on a tablet). Next say the sounds of the animals and write down the ones you can hear. Then write a sentence about the animals. Finally you could count how many arms, legs, ears, etc your animals have and label your picture with the correct numeral. Write your name on your picture and ask your grownup to send it on Evidence Me. Every child who completes the challenge will receive a certificate after the holidays.

Have a lovely half term

Mrs Weretelnikow and Miss Clegg
