

School council meeting 26th January 2026

Attendees:

Mrs Weretelnikow, Bea, Jorgi, Kaiden, Isla, Sienna, Ralph, Leo, Alyssa

Agenda:

1. Welcome
2. 'Switch off Fortnight' follow up - Energy Audit
3. Discussion of new project for this this term
4. Discussion regarding projects coming up for the year.

1. Welcome:

Welcome to our school council meeting.

2. 'Switch off Fortnight' follow up - Energy Audit

We discussed the focus that the school is having on 'Climate Action'. We looked at the energy audit from the previous meeting and what we had done to promote energy saving in school. We then took part in a follow up audit to highlight the progress made. Following the audit, we compared this to the previous audit taken. We could see that there was a big improvement on things being turned off when not being used and a lot less things on stand by.

3. Discussion of new project for this this term

We discuss what else was on our School council plan for the year. We discussed the 'Big Bird Watch' and our link with the Eco Lead to take part in this. We also discussed having a visitor to talk about wildlife. Mrs Weretelnikow is in discussion with a possible visitor. The School Council will take the information back to their classes and gather a list of questions they would like to know about animals native to the UK.

5. Discussion regarding projects coming up for the year.

We discussed the projects that we had already undertaken and what else we might do, such as a uniform sway and a waste watch.
