Dear Parents,

On **Tuesday 6th February** we will be joining schools and youth organisations across the UK in celebrating **Safer Internet Day 2024**. Safer Internet Day is a global campaign to promote the safe and responsible use of technology, which calls on young people, parents, carers, teachers, social workers, law enforcement, companies, policymakers and more, to join together in helping to create a better internet. This year's learning will be based around the theme 'Inspiring change? Making a difference, managing influence and navigating change online'.

Using the internet safely and positively is a key message that we promote at Killamarsh Infant and Nursery School, and celebrating Safer Internet Day is a great opportunity for us to re-emphasise the online safety messages we deliver throughout the year. Some of the activities we'll be participating in on the day include:

- Talking about changes in computing
- Listening to an online story
- Talking about internet safety and what we can do

We would be delighted if you could join us in celebrating the day by continuing the conversation at home. To help you with this, you may be interested in downloading the free Safer Internet day resources for Parents and Carers which are available at [Parents and carers - UK Safer Internet Centre](#) There are top tips, quizzes, and films which you can use at home with your child.

Some other resources which you may find helpful in supporting your child online are:
