

Half Term Challenge

This half term we would like you to use the skills you've learnt in Geography to create a map of your local area.

Go on a walk with your grown up around your local area and make a map of all the things that you see. Remember to include a key with appropriate symbols to help illustrate your map.

We can't wait to see all your fantastic work and everyone who completes the half term challenge will receive a certificate when we return to school.

Have a lovely holiday!

Mrs McMordie, Mrs Whittingham, Mrs Skingle & Mrs Crookes
